UPCOMING CHANGES!

NEW MEXICO: Beginning 10/1/2010 all Weight Distance tax returns will be e-filed.

KENTUCKY: KYU #'s are being cancelled when you have not been to Kentucky at least once each quarter for the past year. This is in response to budget restrictions; you can buy Trip Permits or reactivate when you have a regular route at a later date. It's important you know operating with an inactive KYU will result in citations and impoundment of the vehicle.

OREGON: Mileage tax increase effective 10/1/2010. The rate is going up approximately 3 cents per mile!

CSA 2010: Carrier data is now available on the FMCSA website. Check out your new BASIC scores by logging on to <http://csa2010.fmcsa.dot.gov/DataPreview/>. Have your DOT# and your DOT PIN# to log in. Know where you stand before the inspectors knock on your door.

DMV: Keep planning ahead! All work is being processed through Sacramento and furlough days make it challenging. The good news is renewals are going smoothly and mid-year supplements are being worked quickly.
